

How do Michigan's forests...

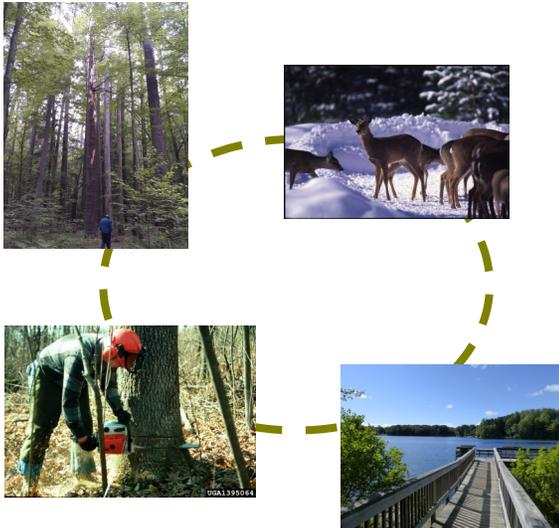

...connect with water quality?

...connect with wildlife?

...connect with sustainable economic development?

...connect with our well-being?

Join in the discussion, and make some connections!

Forest Connections Conference 2015

Thursday, September 24th through
Saturday, September 26th

Doubletree Hotel and
Delta College Planetarium

Three full days of information sharing on a
wide range of forest and forestry topics!

michiganforests.org

Forested lands in the Saginaw Watershed: A special resource

Although the Saginaw Bay has historically experienced economic and ecological struggles over the past decades, the region still boasts rich forest, water and wildlife features for a variety of recreational, ecological and community development values.

Thursday and Friday morning's sessions will take place at the Doubletree Hotel, Bay City. Friday afternoon's and Saturday's sessions will be located at the Delta College Planetarium.

Register for the Forest Connections Conference

...to make your own connections with family forest owners, forest enthusiasts and forest management professionals!
